## PROFILE

Software Engineering undergraduate at the University of Technology and Applied Sciences, with hands-on programming experience in Python and Java and practical exposure to software development through a competitive industry internship. Selected as a Takatuf Scholar and an International Baccalaureate graduate. Seeking an entry-level software engineering role, graduate program, or training opportunity where I can contribute to real-world development work and expand my backend, data, and software architecture skills.

## EXPERIENCE

### Software Engineering Intern | ProgressSoft

[August 2026]

*Summer Internship Programme*

- **Full-Stack Order Platform Development:** Engineered an end-to-end Order Platform, developing core business logic, web components, and dynamic dashboards to track and manage order lifecycles.
- **Enterprise Frameworks & REST APIs:** Migrated application architecture to Spring Boot, Spring Security, and Spring Data JPA, while designing RESTful web services using Servlets, Filters, and JPA 2.1.
- **Advanced Architecture & AI Anomaly Detection:** Refactored order state transitions using the State design pattern, implemented XML audit logging, and integrated AI analysis to detect anomalies in execution state timing.
- **Clean Code, TDD & Containerization:** Applied SOLID principles, software design patterns, and TDD with Mockito to ensure high test coverage, packaging final builds into deployment-ready Docker images.

### Software Engineering Intern | Rihal

[July - August 2025]

*"Spark to Code" Summer Internship Programme*

- **Backend Development & Architecture:** Served as a backend developer for "Tajawal", an automated travel itinerary generator, engineering more RESTful APIs using Java and Spring Boot tested with Postman.
- **AI & Data Integration:** Integrated AI features returning JSON output to generate tailored itineraries balancing activities, rest, budget tracking, user profiles, and schedule modifications.
- **Database & Infrastructure:** Deployed and managed containerized database instances using Docker to support dynamic data retrieval for flights, hotels, and user management.
- **Agile Collaboration & Presentation:** Practiced daily stand-ups, collaborative API schema design with frontend/DevOps teams, and successfully presented the end product to Codeline CEO and senior engineers.

## TECHNICAL SKILLS

**Languages:** Python, Java, SQL

**Web & Frameworks:** HTML/CSS, JavaScript, React, Spring Boot (Fundamentals)

**Databases:** PostgreSQL, MySQL

**Tools & Platforms:** Git, GitHub, Maven, IntelliJ IDEA, VS Code, Postman, Docker, Linux

**Concepts:** Object-oriented programming (OOP), data structures, REST APIs, Agile/Scrum, unit testing, TDD

**Networking:** TCP/IP fundamentals, network configuration (Cisco CCNA – Introduction to Networks)

## EDUCATION

### BSc (Hons) Software Engineering

[2023 - 2027]

*University of Technology and Applied Sciences (UTAS), Muscat, Oman*

Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Web Development, Operating Systems (Linux), Project Management and Acquisition.

GPA: 3.52

### International Baccalaureate (IB) Diploma

[2021 - 2023]

*The Sultan's School, Muscat*

### International General Certificate of Secondary Education (IGCSE)

[2019 - 2021]

*The Sultan's School, Muscat / Cambridge International*

## CERTIFICATIONS

---

- Google IT Support Professional Certificate — Google
- CCNA: Introduction to Networks — Cisco Networking Academy
- Introduction to Data Science — Cisco Networking Academy
- Google AI Essentials — Google

## LEADERSHIP, VOLUNTEERING & AWARDS

---

- **Takatuf Scholar** — selected for Oman's competitive national scholarship and leadership development program.
- **Charity Fundraiser Organizer** — organized and led a fundraising event financing the construction of a mosque and Quran school in rural Pakistan.
- **Volunteer, Oman Cancer Association** — delivered public breast cancer awareness campaigns in Muscat shopping centers and collected donations.
- **Environmental Volunteer** — participated in beach clean-up campaigns at Al Hail and Athaiba beaches
- **School Rock Band** — bass guitar, electric guitar and keyboard; performed at school events.

## LANGUAGES

---

**Arabic:** Native

**English:** Fluent
